**Subject:** Upcoming Tower Standard Technical Discussion - June 23?

Good Morning:

According to my calendar, we have a technical group discussion call scheduled for 8 AM on Thursday, June 23. We can use the same call-in information: 1-888-327-8914, pass code 6751 034#

I did have two questions related to our call:

1. Do I have the date correct? In addition to Thursday's call, I also have a recurring appointment that I set up on my calendar for 2 PM on the last Thursday of the month. From what I remember of our May 26 meeting, we were going to go with the third Thursday at 8 AM, and I just want to make sure that I block off the correct time/date.
2. Aside from general updates on the various upcoming tasks (MIP/HPT work, USGS study, etc.), does anyone have agenda items that we should discuss on Thursday? If so, please share them with the group as soon as you can.

Talk to you in a couple days. Thanks.

**We are committed to service excellence.**
